Sakvithi Ranasinghe English Pack Free Download Sakvithi ranasinghe english pack free downloadQ: I have an object with specific values, can I make it have the values of specific keys (without loop)? Example: `$example_obj = get_object_vars($test_obj);` I would like to have a value as the object `$example_obj` if the object `$test_obj` has a specific key "some\_key\_value". It is possible to this without looping trough the object's properties? My solution: `if (!empty($test_obj->some_key_value)) { $example_obj = get_object_vars($test_obj); }` A: I guess this is what you're looking for: `$test_obj = get_object_vars($test_obj); $example_obj = $test_obj; if ($test_obj->some_key_value) $example_obj->some_key = $test_obj->some_key_value;` Note that it creates a reference to the original object, so any change to the property of the original object has an effect on the `$example_obj` and vice-versa. A: He's been playing for a good 20 years. He's at the age where some players aren't going to be able to keep that going. He's been consistent, he's always been a good defender. [There's] no question he's an all-league caliber athlete. I wouldn't call him an all-league caliber passer right now. He doesn't do it with his eyes. He's able
